\* Classes with this symbol can not be a 'stand alone' class. These must be taken with another class in our schedule appropriate for age and ability. Classes are designed to follow public school age guidelines with a curriculum to develop dancers to their fullest capabilities while challenging them in class.

Age suggestions are just a guideline for class placement and follow La Junta Schools age divisions.

Beginning levels for grades 1-2, Intermediate levels for grades 3-6, and Advanced levels for 7-12.

Classes progress as they do in the public school system. Advancement to the next level occurs in the Fall Semester.

**We ask that students be 3 years old by July 1, 2023 for the Creative Movement class. Additionally, Pre-Dance students must be 4 AND in Pre-School.**
