April Events

For the first time ever, we had a student, Anthony Harris, present for his Peers. Anthony did a fantastic job and inspired others to ask to do a presentation in the fall. Anthony is an inspiration to not only his peers, but to everyone around him.

Frida Beyerl with Bruce Anderson.
Congrats Bruce for winning this AIM's event prize!

Next, under the Meet Your Otero Series, we had Frida Beyerl, Otero Accessibility Services Coordinator. She introduced herself to the students and let them know if they need any kind of help with test taking, proctoring, or with Accessibility Assistance; they can come to her.

AIM held its bi-annual Job Fair with the Colorado Workforce and had a high attendance of over 150 students and community members. This was a great opportunity for anyone looking for employment to come in and learn about job prospects available in our area.

In April, Laura Martinez, AIM Case Manager and Molly Borton, OC Mental Health Counselor held two Mental Health Mondays. In the picture to the left, students learned about Creative Colors and how colors affect our moods. They were able to make suncatchers. Students were also able to destress by making a personalized stress squishy.
